About Me

I am a Los Angeles based 3D animator who loves all things sci-fi, horror, and fantasy. I have a huge passion for film, TV, and video games and I would love to help bring your stories to life!

Summary of Skills

Animation

- Able to incorporate traditional animation principles into 3D projects
- Solid understanding of body mechanics
- Knowledgeable in creating animation cycles for use in game engines

Games

- Familiar with incorporating game ready animations into Unreal Engine
- Knowledgeable in Unreal Engines animation blueprint system

Communication

- Strong and efficient communication skills
- Adapts quickly and works well in collaborative settings
- Takes critique well and is always working to improve

Software Experience

- **Autodesk Maya** - 3D animation and modeling
